

Meet us at the Peace Garden

The Peace Garden is located at the 4-H Building on the Lake County Fairgrounds. It contains many common shrubs, grasses, herbs, annuals, perennials and small trees. Have your gardening questions answered at these interactive demonstrations to be held at 10:00 AM on the scheduled Saturdays.

Each session will consist of a short presentation followed by interactive demonstrations and/or discussions. When appropriate to the topic, small groups of participants will work with a Lake County Master Gardener Volunteer in the garden or on a project.

The sessions are FREE but space is limited to 25 persons, 15 for the November program.

You must register to ensure your place.

Peace Garden, 4-H Building
Lake County Fairgrounds
1302 Mentor Avenue
Painesville, OH 44077

Look for signs as you arrive

Directions to Fairgrounds:

Via Route 2 (East or West)

Exit at Route 44 South, then take Jackson Street exit. From ramp, drive straight to Mentor Avenue. Turn right. In 0.4 mile the Lake County Fairgrounds main entrance is on the left. Enter and turn left toward 4-H building.

Via Route 90 (East or West)

Exit at Route 44 North. Exit at Route 84 and turn left. Take Route 84 to Fairgrounds Road and turn right. At the end of Fairgrounds Road, turn left onto Mentor Avenue and then left at the Fairgrounds main entrance. Turn left toward 4-H building.

Meet Us in the Garden Topics

Saturday March 4, 2017 at 10:00 AM

Growing and Caring for Roses

Of the different types of roses available, choose the right plant for you, how to plant it, and how to care for it. Your efforts will be rewarded by healthy plants and blooms.

Saturday April 1, 2017 at 10:00 AM

Good Bugs, Bad Bugs

Most gardeners know that ladybugs are helpful to a gardener but, are ALL ladybugs helpful? Are most bugs harmful? Should you squash bugs just in case they are harmful? Join us to learn to distinguish bugs as a gardener's friends or foes.

Saturday May 6, 2017 at 10:00 AM

Mulching and Composting

Are Mulching and Composting really so different? Well, yes and no. Learn how mulching can be a route to composting and how composting can lead to mulching. Garden Truths and Myths

Saturday June 3, 2017 at 10:00 AM

Maintenance of Perennials

Perennial gardens require less maintenance than lawns, but they do need regular care to look their best and stay healthy. Learn about some of the tasks that will keep your perennial beds looking beautiful from year to year.

Saturday July 1, 2017 at 10:00 AM

Garden Truths and Myths

Are nursery brochures the best source of appropriate planting practices? Not Sure? Are organic products safer than other chemicals for you and the environment? Are you sure about that one? Come and learn to sort out some garden truths and correct some gardening myths.

Saturday August 5, 2017 10:00 AM

Orchids—Fancy but not Fussy

Most Orchids, especially those that are readily available to the home grower, are quite hardy and will reward the new owner by re-blooming regularly if proper water, light, temperature, humidity and fertilizer are provided.

Saturday September 9, 2017 at 10:00 AM

Aesthetic Pruning

Learn some of the techniques used by Japanese gardeners to achieve the serene and timeless appearance of pines, azaleas and maples. Thoughts on applying these principles in the home landscape will be discussed, along with topiary and bonsai topics.

Saturday October 7, 2017 at 10:00 AM.

Share in the Bounty—Dividing Perennials

To keep your perennials healthy, beautiful and protected from disease and insects, you should divide them every 3-4 years. We will show you how to do it and you'll take some of our bounty home.
