Amaryllis, Paper whites and Poinsettias Growing, Propagating and Re-blooming Your Holiday Plants
By Miranda Hopkins

Garden Tips

Begin to feed the birds and provide a water supply. Adding an aerator to your birdbath will keep the water from freezing.

Sharpen your garden tools and be sure they are clean before storing. This can be a good time to have your mower in for service after the final mowing.

Bring tender perennials and houseplants, such as rosemary, inside after a thorough inspection for any insects.

What's Blooming This Month?

Plants for Fall and Winter Interest

American Holly/ <i>Ilex opaca</i> /P	B-bulb
